

HOW TO PURCHASE STIMATE® (DESMOPRESSIN ACETATE) NASAL SPRAY, 1.5 MG/ML

Based on customer inquiries, we are clarifying our process for purchasing Stimite®. Currently, CSL Behring ships product directly to pharmacies once a wholesaler receives an order. This ensures product availability and enhances product delivery to pharmacies.

ACTION STEPS

- To fulfill a prescription request for Stimite®, contact your wholesaler to place an order; CSL Behring will then ship product directly to your pharmacy.
- If you have additional questions, please contact our Customer Support Center at 1-800-683-1288.

Thank you for taking the extra steps to ensure that your customers receive the medication they need.
